CAREER OBJECTIVES

Seeking a Challenging position in reputed Organisation Where I Can earn new skills , expand my knowledge and leverage my learnings .

EDUCATION

Msc Biotechnology (2023-2025)
Garden city university , Bangalore
(85%)

Bsc Biotechnology (2020-2023)
RJS first grade college , Bangalore
((86%))

SKILLS

- Molecular Biology Techniques (PCR, DNA Sequencing Gene Cloning)
 - Cell Culture and Tissue Engineering.
 - Microbiology and microbiological techniques,
 - Biochemical assays .
 - Bioinformatics tools .
 - Laboratory safety protocols and procedures.
-

CERTIFICATIONS

- Hands on Training on Mammalian Cell Culture From MERCK
 - Hands on Training on Cancer Tools and Techniques From MERCK
 - Workshop on Basic Cell Culture Techniques From SDM Research Institute of Biomedical Sciences:
 - Introduction to Industriail Bioprocess Development Certificate from COURSERA
 - Introduction to Small Molecule Drug Discovery and Development Certificate From COUSERA.
 - What Are Viruses And How Do We Work With Them Certificate From COURSERA .
 - internship certificate on enzyme kinetics and method validation USP 1225 .
-

WORK EXPERIANCE

- Insearch biotech labouratory(INTERN).
 - Enzyme Kinetics and method validation usp 1225 .
-

PROJECTS

- Development and phytochemical Screening of Fermented Sweet Corn Wine.
- Investigated optimal substrate composition, temperature, and humidity for mushroom .
- Green synthesis of Lutein Based iron Nanoparticles From Cassia. Tree Flowers .
