Objective

Recent graduate in medical coding and billing and strong foundation in anatomy medical terminology and coding guidelines. Eager to contribute accuracy and efficiency to healthcare term

Experience

- Exceptional verstality and adoptibility

Education

Course / Degree	School / University	Grade / Score	Year
M. Sc Biochemistry	Thiruvalluvar university	First class	2021
B. Sc Biochemistry	Thiruvalluvar university	First class	2019

Skills

- ICD-10CM ICD 11 (diagnosis coding) CPT®HCPCS level II (procedure & supply coding)
- DRG Diagnosis Related Groups & MS-DRG assignment inpatient & Outpatient coding HCC (Hierachical condition categories) coding Auditing coding accuracy medical terminology anatomy & physiology) knowledge knowledge of disease processes and pharmacology

Interests

- Problem- solving & analytical activities(like puzzles crosswords sudoku) Research & Documentation volunteering in healthcare awareness programs Blogging or writing about healthcare/ coding topics knowledge sharing & mentoring peers

Activities

- Attended ICD -10CM /PCS, CPT, and HCPCS workshop participated in medical coding webinars seminars conducted by AAPC/ AHIMA member of a medical coding association or online community volunteered in coding audit practice projects or case study groups
- Engaged in continuing education coding updates compliance guidelines Participated in mock audits or coding accuracy competitions during training.

Languages

- Tamil. English

Declaration

- I Solemnly declare that the details furnished above are true and correct to the best my knowledge and I bear full responsibility for the accuracy of the particulars mentioned.
