

DANIEL RAJA A

B.E. Electronics and Communication Engineering

+919025560783

Madurai, India 625016

danielmk003@gmail.com

CAREER OBJECTIVE

“To start my career in a challenging and professional environment where I can enhance my knowledge, improve my abilities, and build a strong foundation for future success.”

EDUCATION

- Bachelor of Engineering (Electronics & Communication Engineering) Sethu Institute of Technology, Virudhunagar (2021 – 2025)
CGPA: 7.4/10
- Higher Secondary & SSLC
Seventh-Day Adventist Matric Hr. Sec. School, Madurai (2018 – 2021)
HSC: 78.16% | SSLC: 69.6%

ACADEMIC PROJECTS

- Mobile Green Irrigation – Designed a smart IoT- based irrigation system to optimize water usage and Improve crop yield using automated monitoring and control mechanisms.
- MediVox – Implemented a remote patient monitoring system with real-time vitals tracking, Arduino-based automated medication dispensing, and voice alerts to enhance patient compliance and reduce errors.

INTERSHIP

Embedded C Intern – Phoenix Softech, June 2024

- Learned basics of C programming for embedded systems and microcontrollers.
- Observed circuit design and simple hardware testing.
- Gained teamwork experience and exposure to embedded system projects.

TECHNICAL SKILLS

- Areas of Interest: Digital Electronics, Circuit Theory.
- Software Tools: MS (Word, PowerPoint, Excel).
- Skills Programming Basics: Html, Css, Java script(Basics).
- Soft Skills: Teamwork, Time Management, Communication.

CERTIFICATIONS & ACHIEVEMENTS

- Completed Hands - on Training on Antenna Design using CST, Jan 2023
- National-level antenna design using PCB for communication, Jan 2024
- Presented project on Mobile Green Irrigation at ICTRTICE 2024 (International Conference).

RESPONSIBILITIES

- Member of National Service Scheme (NSS).
- Member of Rotaract Club.

LANGUAGES

- Tamil
- English
