

EDUCATION

Kalasalingam Academy of Research and Education | Graduated 2025

Master of Computer Application |CGPA-7.092023 - 2025

Yadava college madurai | Graduated 2023

Bachelor of Computer Application) |CGPA-6.72020 - 2023

SKILLS SUMMARY

- HTML,CSS,JS
- UI & UX
- ADOBE PHOTOSHOP
- FIGMA
- MS EXCEL

EXPERIENCE

AI/MLInternship

Jan2025 - Mar2025

PROG-TEC ACADEMY

Madurai,India

- > Completed a 3-month internship focused on Machine Learning and Deep Learning applications.
- > He worked on the project titled “AI based Handwritting Recognition System”, based on Python and Machine Learning, during the internship period from January 2025 to March 2025.
- > Throughout the internship, he demonstrated strong technical skills, commitment to learning, and professionalism. His contributions to the project were commendable and showed a clear understanding of the subject.

PROJECTS

Smart car design - Using figma

- Designed a Smart Car UI prototype in Figma with a focus on modern aesthetics and intuitive navigation. Created interactive dashboard layouts to enhance driver accessibility and user experience.

Kidney disease prediction - Using Machine learning

- Developed a kidney disease prediction model using machine learning algorithms. Implemented data preprocessing and model optimization to improve prediction accuracy.

Oil sales analysis – Using data visualization

- Performed oil sales analysis using Tableau to identify trends and patterns. Created interactive dashboards for clear and effective data visualization.

CERTIFICATE

❖ Figma & Adobe Photoshop — G-TEC Computer Education (4 Months)

- Gained hands-on experience in UI/UX design concepts using Figma.
- Learned advanced photo editing, image manipulation, and creative design techniques in Adobe Photoshop.
- Completed practical projects involving interface design, branding, and visual content creation.

LANGUAGE

- English(Proficient)
- Tamil(Native)
