EDUCATION

MVJ College of engineering, CGPA-6.9 2021-2025
B.E Artificial Intelligence and Machine Learning

Higher Secondary Certiftication(HSC) - 84%
PetitSeminare Higher Secondary School 2020-2021

PROFESSIONAL EXPERIENCE

Dotch Endeavours, Mysuru Nov 2023
Gained hands on experience in Python Programming, AI/ML algorithms and data driven decision making. Worked on real projects involving data preprocessing, feature engineering, model training and evaluation. Developed and optimized machine learning models for predictive analysis

Cyber Security Intern Jun 2024
Proactive and highly regarded Cyber Security Intern at Mayduke Itech. Demonstrated strong comprehension, efficient **task management**, and a commitment to excellence. Developed multiple skills and gained practical learnings through project work. Recognized for outstanding **professional demeanor**, excellent moral character, and an excellent overall work performance.

PROJECTS

Bank Customer Segmentation

- Bank customer segmentation involves categorizing customers into distinct groups based on their behavior, demographics, and financial activity. This enables personalized services, optimized marketing strategies, and improved customer retention.
- By analyzing **data patterns**, banks can identify profitable segments and tailor products to meet specific needs

Expense Tracker

- Developed a **full-stack** expense tracking application using the **MERN** stack to help users manage their finances effectively. Designed a responsive user interface with React.js, Bootstrap, and CSS3 for seamless user experience.

Task Management System

- Built a task management web application to allow users to organize and prioritize their tasks. Designed the front-end using **React.js** with Bootstrap for a clean, intuitive interface.
- Developed backend restful **APIs** using **Node.js** and **Express.js** for managing tasks and user authentication

SKILLS

Technical Skills - Python, CSS, HTML, SQL
Interpersonal skills - Flexible, Communication, Team Player.
Tools - Excel, Numpy, Pandas,
Designing - Canva, Figma, Wireframing

COURSES

- Introduction to Machine Learning, NPTEL
- Oracle Certified Foundations Associate
- AWS Cloud Practitioner Essentials
