

Professional Summary

Dedicated B.Sc. Botany graduate with a strong foundation in plant science and nanotechnology applications. Proficient in Microsoft Excel, Microsoft Word, and Adobe Photoshop, with skills in data analysis, effective communication, and teamwork. Seeking an entry-level position as a Research Assistant / Data Analyst / Lab Technician to apply analytical skills and contribute to innovative projects in biotechnology and environmental science.

Education

B.Sc. Botany

Bishop Heber College (Autonomous), Bharathidasan University
Graduation Year: 2024 | CGPA: 6.05
Relevant Coursework: Plant Physiology, Biotechnology, Environmental Science
Project: Nanotechnology in Shiitake Mushroom Cultivation

Higher Secondary Certificate (HSC)

The Higher Secondary School for Boys, Srirangam
Year: 2021 | Percentage: 61.33%

Skills

Soft Skills	Effective Communication, Risk Management, Teamwork, Time Management
Software Skills	Microsoft Excel, Microsoft Word, Adobe Photoshop
Additional Skills	Data Analysis, Problem-Solving, Attention to Detail
Languages	Tamil (Fluent), English (Proficient), Malayalam (Proficient)

Projects

Nanotechnology in Shiitake Mushroom Cultivation

- Bishop Heber College | Jan 2024 – Apr 2024
- Investigated nanotechnology applications to enhance shiitake mushroom growth and yield.
 - Analyzed experimental data in Excel, identifying key trends.
 - Prepared comprehensive reports in Word and presented findings.
 - Successfully managed deadlines with effective time management.

Hobbies & Interests

- Cooking: Experimenting with traditional and innovative recipes
- Sports: Actively participating in cricket and football
- Music: Exploring and enjoying various genres
