Data Analyst | +91-6379747947 | Theni-625531

manojkumar2372001@gmail.com | LinkedIn

SUMMARY

Data Analyst with hands-on experience in Power BI, SQL, and Python. Skilled in data visualization and transforming complex datasets into actionable insights. Proficient in SQL, Python, and data visualization tools. Eager to solve real-world analytical problems and support data-driven decision-making in a dynamic environment.

EDUCATION

Theni Kammavar Sangam College

Diploma in Electrical & Electronics Engineering.

Jun 2017 - Apr 2020

Theni Kammavar Sangam College Of Technology

B.E in Electrical & Electronics Engineering.

Jun 2021 - Apr 2024

TECHNICAL SKILLS

- **Programming Languages:** Python, Pandas
- **Data base:** MYSQL
- **Data Analysis:** Libraries and Frameworks: Pandas, NumPy, Matplotlib
- **Data Visualization Tools:** Exce,Power BI.
- **Tools:** Jupyter Notebook, Excel, Google Sheets.

KEY PROJECTS AND RESPONSIBILITIES

1. Electric Vehical Dashboards from Power BI

- Developed an interactive Power BI dashboard to analyze electric vehicle trends by model year, make, and type (BEV vs. Hybrid), enabling data-driven insights for sustainable transportation planning.
- Visualized over 150K vehicle records, with detailed metrics such as average range and eligibility for clean air incentives, improving clarity for stakeholder reporting.
- Integrated geospatial mapping and filtering tools to display vehicle distribution and utility service areas, enhancing the usability of the dashboard for regional policy evaluation.

2. Healthcare Dashboard from Power BI

- Built an interactive healthcare analytics dashboard in Power BI to monitor key patient metrics such as BMI, diabetes status, hemoglobin levels, and surgery counts, enabling better clinical decision-making.
- Analyzed data from over 2,300 patients, providing detailed insights on demographics, heart issues, cancer history, and transplant statistics segmented by age and health status.
- Integrated advanced data visualizations and filters for real-time exploration of patient health trends and healthcare costs, streamlining reporting for healthcare providers and administrators

CERTIFICATIONS

- IBM: Data Analyst Foundation Course Completed at SLA in Collaboration with IBM
- Certification C++ By Bharathidasan University
