PROJECTS

Membership management system

2024 - 2025

Chennai

The Membership Management System is designed to help organizations manage their members efficiently. The system stores member information, tracks membership status, automates renewals, and generates useful reports. It reduces manual work and improves accuracy in member data handling.

- HTML, CSS, JavaScript
- Python / PHP / Java / Node.js
- What was a successful outcome of your work? (e.g. Raised \$3,000 for the charity)
