Objective

Motivated and dedicated Frontend/Backend Developer with strong skills in HTML, CSS, JavaScript, Node.js, Express, and MySQL. Passionate about building responsive, dynamic, and user-friendly web applications. Seeking a junior developer role to apply my skills, grow professionally, and contribute to real-world projects.

Education

Marthandam College of Engineering and Technology

Bachelor of Engineering in Computer Science

2021 – 2025

Kuttakuzhi, Tamil Nadu

Government Higher Secondary School

Higher Secondary Education

Completed

Moosari

St. Antony's High School

High School

Completed

Thundathuvilai

Experience

ALO Infopark

Frontend Developer Intern

May 2024 – August 2024

Nagercoil, Kanyakumari

- Gained hands-on experience in frontend web development using HTML5, CSS3, and JavaScript to build responsive user interfaces.
- Collaborated with the development team to implement UI/UX designs and ensure cross-browser compatibility.
- Worked on real-world projects to enhance skills in DOM manipulation, event handling, and responsive design techniques.
- Participated in code reviews and learned industry best practices for writing clean, maintainable, and efficient code.

Technical Skills

Frontend Technologies: HTML5, CSS3, JavaScript (ES6+), Responsive Web Design, Flexbox, CSS Grid, Media Queries, DOM Manipulation, Event Handling

Backend Technologies: Node.js, Express.js, REST API Development, Middleware (body-parser, express.static), Template Engines (Handlebars/HBS)

Database: MySQL, SQL Queries, JOIN Queries, Connection Pooling, phpMyAdmin

Architecture: MVC Pattern, Express Routing, Controller-Based Logic, Dynamic Routing

Tools & Platforms: VS Code, Chrome DevTools, Git & GitHub, npm, dotenv (Environment Variables)

Other Skills: Form Handling, Error Handling, LocalStorage, Debugging & Performance Optimization

Projects

Student Management System | *Node.js, Express.js, MySQL, Handlebars*

2025

- Built a complete CRUD system for managing student records with full-stack implementation.
- Implemented Express routing, controllers, and MVC pattern to maintain clean and scalable code architecture.
- Used MySQL connection pooling and JOIN queries to efficiently fetch student and address data from relational database.
- Developed dynamic pages using Handlebars templating engine for server-side rendering and improved user experience.

Portfolio Website | *HTML, CSS, JavaScript*

2025

- Built a responsive personal portfolio website to showcase projects and technical skills to potential employers.
- Used Flexbox and media queries for mobile responsiveness ensuring optimal viewing across all device sizes.
- Implemented smooth scrolling, animations, and interactive elements to enhance user engagement.

Calculator App | *HTML, CSS, JavaScript*

2024

- Developed a fully functional calculator for basic arithmetic operations using vanilla JavaScript.
- Implemented DOM manipulation and event handling to create an interactive user interface.
- Applied CSS Grid layout for creating a clean and responsive calculator design.

To-Do List Application | *HTML, CSS, JavaScript*

2024

- Created a dynamic to-do list application with add, delete, and mark complete functionality.
- Implemented localStorage API to persist tasks across browser sessions for enhanced user experience.
- Utilized event delegation and DOM manipulation for efficient handling of dynamic list items.

Additional Skills

Soft Skills: Problem Solving, Teamwork, Time Management, Creativity

Languages: Tamil (Native), English
