Objective

Enthusiastic Computer Application graduate with a strong understanding of Java programming, object-oriented concepts, and relational databases. Eager to start a career as a Java Developer, apply problem-solving skills, continuously learn new technologies, and contribute effectively to collaborative team-based projects.

Education

Government Arts College Kumbakonam , Bachelor's of Computer Application	2022 – 2025
• CGPA: 8.73	
Little Flower Higher Secondary School Kumbakonam , HSC	2022
• HSC: 67%	
R.C.Morning Star High School Kumbakonam , SSLC	2020
• SSLC: 80.4%	

Skills

- Languages: Java
- Web Languages: HTML, CSS ,JS
- Database: SQL
- Tools: MySQL, Git, GitHub

Areas Of Interest

- Object-Oriented Programming
- Database Management System

Projects

Parking Management System

Tech-Stack : Java, MySQL, JDBC.

- Developed a Parking Management System using Java, MySQL, and JDBC to automate parking slot allocation, vehicle tracking, and billing operations.
- Implemented CRUD operations for vehicle, slot, booking, and billing modules with exception handling and input validation.
- Improved data handling and consistency using MySQL database integration with Java JDBC.

Cricket Players Management System

Tech-Stack : Java, MySQL, JDBC.

- Developed a Java application using MySQL and JDBC to manage player records and retrieve players based on star rating range for the State Board of Cricket Council.
- Implemented CRUD operations (add, update, delete, view) using Object-Oriented Programming and Java Collections Framework.
- Improved data handling and consistency using MySQL database integration with Java JDBC.

Soft Skills

- Problem-solving and logical thinking
- Effective communication and teamwork.
- Adaptability and time management.
