## 🧩 OBJECTIVE

To Learn and gain new experience while utilizing my interpersonal skills to help achieve business goals. Looking to work for a dynamic organization with opportunities for career growth. quick learner and problem solver.

## 🧩 SKILL

Language - Python  
Web Technology - Html

## 🧩 PROJECT

### BLOG APPLICATION USING DJANGO

In our project, Our Main Motive is if the user liked our blog and subscribe our Blog means We sent the further notifications through the user Mail.

### IOT BASED WIRELESS E-VEHICLE CHARGING SYSTEM

Our project focused on the development of an innovative e-vehicle wireless charging system, eliminating the need for traditional wired connections. The system operates through a primary coil and secondary coil mechanism, allowing efficient charging of electric vehicles.

### IOT BASED SMART STREET LIGHTING SYSTEM

Our project focused on around the implementation of a Smart Street Lighting System utilizing the RCWL0516 sensor. This intelligent lighting system is designed to efficiently control street lights, optimizing their usage.

## 🧩 INTERNSHIP

I successfully completed an internship at NXTlogic Software Solutions, specializing in web development.

## 🧩 EDUCATION

### B.TECH INFORMATION TECHNOLOGY

Vivekanandha College Of Engineering For Women(Autonomous)  
Tiruchengode  
2020-2024  
CGPA-7.4

### HSC

Government girls Higher Secondary School
