SUMMARY

Associate Consultant experienced in **Oracle Siebel CRM development and customization** with exposure to testing and documentation. Worked on enterprise client projects at **Wipro Technologies**. Currently a Part-Time Consultant at **Joy Tech**, supporting email operations and campaign-related activities.

EXPERIENCE

Part-Time Consultant

Joy Technologies

September 2023 - December 2025, Chennai

- Managed **150+ email IDs daily** for warm-up and campaign readiness, improving email deliverability by **15%**.
- Performed **bounce management and profile updates**, supporting marketing campaigns reaching **1000+ recipients weekly**.
- Streamlined **ID setup and forwarding processes**, reducing setup time by **30%**.
- Focused on maintaining the account health.

Associate Consultant

Wipro Technologies

May 2019 - February 2021, Chennai

- Customized and enhanced **Oracle Siebel CRM** applications using **eScript and Workflows**.
- Contributed to end-to-end **application development lifecycle**, including design, development, testing, and documentation.
- Executed testing activities to validate changes and ensure system stability.
- Created clear documentation to support development and future maintenance.
- Involved closely with consultants and developers to deliver project requirements.
- Collaborated with cross-functional teams to align technical solutions with client objectives and project milestones.

PROJECT

SMART GUIDANCE FOR VISUALLY IMPAIRED PEOPLE

- Developed an **AI-powered assistive system** for visually impaired users using **Convolutional Neural Networks (CNN)** for real-time **object detection**.
- Implemented **Recurrent Neural Networks (RNN)** for **obstacle prediction** and **navigation guidance** to enhance user safety.
- Integrated **text-to-speech (TTS) functionality** and leveraged **Python, TensorFlow, and OpenCV** to improve accessibility and **assistive technology solutions**.

EDUCATION

B.E. Computer Science Engineering

Sri Sairam Institute of Technology • 2019 • 8.625%

- Presented a paper titled “Prevention of Child Abuse using Geofencing Technology” at the National Level Symposium CYBERTON held at Sri Sairam Engineering College.
