PROJECT

“STUDY ON CONSUMER BEHAVIOR TOWARDS RELIANCE JIO” The study on consumer behavior towards Reliance Jio highlights a positive reception driven by its affordable pricing, extensive data plans, and high-speed connectivity. Consumers appreciate the value Jio provides, leading to strong brand loyalty. Additionally, social factors, such as word-of-mouth and effective digital marketing, significantly influence consumer decisions. As Jio continues to innovate and enhance customer experiences, it remains well-positioned for sustained growth in the competitive telecom market.
