

OBJECTIVE

Seeking a Data Analyst position where I can apply my statistical knowledge, analytical skills, and proficiency in tools like Excel, SQL, and Power BI to interpret data, generate insights, and support data-driven decision-making within a dynamic organization.

ROLES & RESPONSIBILITIES

As a Data Analyst, I collected, cleaned, and analyzed datasets to identify key trends and actionable insights. I developed interactive dashboards and visual reports using Excel, Power BI, and SQL to support data-driven decision-making. Ensured data accuracy, confidentiality, and proper documentation throughout the analysis process.

INTERNSHIP EXPERIENCE

Company Name: HOMEGENIE BUILDING PRODUCTS PRIVATE LIMITED
Designation: Data Analyst
Duration: 24.07.2024 - 20.08. 2024

Assisted in collecting, cleaning, and analyzing company data to identify trends and improve operational efficiency. Created reports and dashboards using Excel and Power BI to support management decisions and business planning.

PROJECTS

Title: Breaking the silence: A Statistical Analysis of Cancer Awareness Level

As part of the project “**Breaking the Silence:A Statistical Analysis of Cancer Awareness Levels**” I collected, cleaned, and analyzed survey data to evaluate public awareness and perceptions about cancer. Using statistical tools and techniques, I identified key trends and patterns to draw meaningful insights. I developed visual reports and dashboards using Excel and Power BI to present findings clearly. The analysis supported data-driven recommendations aimed at improving awareness and education strategies.
