

NIGILA N

Associate software engineer

Email id:nigilanigila96@gmail.com
Phone no:+919344616756.

SUMMARY

An Associate Software Engineer is an entry-level software development role the assists in the design,development,and maintenance of software applications.This role requires a strong foundation in computer science,programming languages,and software development principles.

EDUCATION

Vel Tech Rangarajan Dr. Sagunthala R&D Institute of Science and Technology, Chennai — B.T,ech in Electronic and communication engineering
September 2020 - May 2024

Saraswathi Matric Higher Secondary School,kollidam — Computer Science
June 2016 - March 2018

PROJECTS

Hearing Aid Archieture With Deep Learning Technique

- **Deep Learning:**A wearable utilizing device deep learning algorithm to enhance sound quality,reduce noise,and improve speech recognition for individuals with hearing impairments.
- **Hearing Aid Architecture:**A system consisting of microphones,analog-to-digital converts,digital signal processing units,and deep learning-based noise reduction and speech recognition modules.

IOT Based Fish Aquarium

- The IOT-based fish aquarium is a smart aquatic system designed to provide a healthy and thriving environment for fish.This automated aquarium utilizes IOT technology to monitor and control various parameters,ensuring optional water quality and fish well-being.

PROFESSIONAL SKILLS

- Communication
- Problem Solving
- Team Player
- Logical Thinking
- Leadership

TECHNICAL SKILLS

Programming languages:Python

Version control :Git

Database Management:SQL

Software Development Methodologies:Agile

LANGUAGES

- Tamil
- English

HOBBIES

- Listening to Music
- Drawing
