Career Objective

Motivated engineering graduate eager to begin a professional career in a dynamic and growth-driven environment, where I can apply theoretical knowledge into practical work and develop as a competent engineer.

Professional Experience

January 2025 – May 2025
Bengaluru, India

Qspiders
Intern

- Completed a 4-month internship at QSpiders in **Python Full Stack Development with Software Testing**.
- Gained hands-on experience in **HTML, CSS, JavaScript, Python, Django, and SQL** for web development.
- Practiced **Manual and Automation Testing** using tools like **Selenium WebDriver** with Python.
- Learned industry practices including **SDLC, STLC**, Agile methodology, test case writing, and bug reporting.

September 2024 –
December 2024
Bengaluru, India

Loginware softec pvt ltd
Intern

Worked on: 4G-Enabled IoT Monitoring System (R&D project).

November 2023 –
December 2023
Bengaluru, India

Aariv Technologies
Intern

Worked on : Room temperature monitoring system using arudiuno.

Skills

SQL

Jira

Python

HTML,CSS,Javascript

Software Testing

Agile Methodology

Education

2021 – 2025
Bengaluru, India

B.E Electronics and communication
T John institute of technology

2020 – 2021
Bengaluru, India

12th
SVVN PU College

2018 – 2019
Bengaluru, India

10th
Vidhatha vidyanikethana school

Academic Projects

September 2024 –
December 2024

4G-Enabled IoT Monitoring

Description: Integrated ESP32 with GSM module for 4G connectivity, enabling sensor data transmission to cloud platforms for remote monitoring and control.

Outcome: Developed an IoT-based system using ESP32 and a 4G GSM module to transmit real-time sensor data to cloud platforms, enabling remote monitoring and device control.

June 2024 – August 2024

Thyroid Prediction using Heartbeat rate

Description: Designed and implemented a thyroid prediction system using Arduino and a heartbeat sensor, enabling real-time monitoring of thyroid-related symptoms through heart rate analysis.

Outcome: Successfully followed predefined paths with obstacle avoidance.

Courses

January 2024 – April 2024
Bengaluru, India

Deep Learning
NPTEL

Certificates

Deep learning(NPTEL)

Publications

4G-Enabled IoT Monitoring (IJRPR)

Thyroid Prediction using heartbeat rate(IJRPR)

Face recognition system (IJNRT)
