WORK EXPERIENCE

ROBOTICS WORKSHOP, :

Our college hosted a hands-on Diya Robotics workshop where participants learned robot design, motion control, sensor integration, and task automation, fostering creativity.

JAVA WORK SHOP, EMGLITZ TECHNOLOGY,

In a Java workshop, i learnt fundamental Java concepts and Advanced topics. By the end, i gained the skills and confidence to create my own Java applications.

SKILLS

- Leadership
- Java
- Communication
- Inovation
- Time management
- Teamwork
- Problem Solving
- Collaboration

INTERNSHIP

Fullstack I completed a one-month Full Stack Development internship at Pavision Innovations, gaining handson experience in building web applications and enhancing my coding and problem-solving skills. It provided valuable exposure to real-world project collaboration.
