Professional Summary

Enthusiastic and detail-oriented SQL and Data Analytics Fresher with a Master's in Data Science. Skilled in writing SQL queries, designing relational databases, and generating reports. Strong foundation in data analysis, MySQL, and Excel with practical experience through internships and academic projects. Seeking an SQL/Database Analyst role to apply technical and analytical skills to real-world business challenges.

Education

M.Sc. Data Science	Nehru Memorial College, Puthanampatti 2021–2023 70%
B.Sc. Computer Science	Bishop Heber College, Trichy 2018–2021 68%
HSC (Computer Science)	Ayyanar Matric Hr. Sec. School, Veppur 2017–2018

Technical Skills

- Database Management: MySQL, SQL Queries, Joins, Indexing, Views, Stored Procedures
- Programming & Analytics: Python (Pandas, NumPy), Data Cleaning, Data Transformation
- Visualization & Reporting: Excel, Tableau, Matplotlib, Seaborn
- Tools: Jupyter Notebook, MS Office

Academic Project (SQL-Focused)

Sales Data Analytics System using SQL (Jan 2023 – Apr 2023)

- Designed and implemented a relational database to manage sales, customers, and product data.
- Wrote complex SQL queries (Joins, Subqueries, Aggregations) to generate sales and customer insights.
- Built reports to track monthly sales trends, top-performing products, and regional revenue distribution.
- Optimized queries using indexes and constraints to improve performance.

Internship

Data Analyst Intern | RIUS Technology | Bangalore | Jan 2023 – Mar 2023

- Wrote SQL queries to collect and consolidate large datasets ensuring data quality.
- Performed trend and anomaly detection using statistical and SQL-based analysis.
- Generated reports and dashboards to present actionable insights.
