Tirunelveli, Tamil Nadu – 627007, India

SUMMARY

- **Programming Language:** C#, .NET, Python, core java ,C++, JavaScript
- **Web Technologies :** HTML, CSS, JavaScript, JSP, Servlets
- **Frameworks & Tools:** Spring Boot, .NET Full Stack (ASP.NET MVC, Web API), REST APIs, ActiveMQ, Maven, Git
- **Database:** MySQL, SQL Server, JDBC, JPA, ADO.NET
- **Data Analytics Tools:** Excel, Power BI (Basics), Data Cleaning, Data Visualization
- **Other Tools:** Eclipse, Visual Studio, VS Code, Postman, Apache Tomcat
- **Soft Skills:** Problem Solving, Time Management, Team Collaboration, Adaptability, Continuous Learning

PROJECT

1. Movie Ticket Booking System

Technologies: Java, Spring Boot, JSP, MySQL, ActiveMQ, Gmail API

- Built a web-based movie booking system with login, seat selection (1-40), and booking history.
- Integrated JMS + Gmail API for automatic email confirmations.
- Created admin panel for movie management and show schedule handling.

2. Full Stack CRUD Web Application

Technologies: HTML, CSS, JavaScript, JSP, Servlets, Spring Boot, MySQL

- Developed a complete CRUD system to manage users.
- Built REST APIs with Spring Boot and connected with MySQL using JDBC/JPA.
- Ensured smooth UI interaction with client-side validations.

3. COVID-19 Tracker System

Technologies: Java, REST APIs, JavaScript

- Fetched live COVID data for 195+ countries using public APIs.
- Implemented real-time charts and case statistics.

4. Hospital Management System (.NET + window form)

Technologies: ASP.NET MVC, C#, SQL Server

- Built modules for patient registration, doctor management, billing, and appointment scheduling.
- Used ADO.NET for database communication.

5. KFC Food Ordering Project (.NET Console)

- Created a menu-driven ordering system with bill generation.
- Implemented item selection, quantity updates, and GST calculation.

6. Student Portal System

Technologies: JSP, Servlets, MySQL

- Developed student login, marks entry, attendance tracking, and profile management.

7. Land Sales Management System

Technologies: Java, MySQL

- Built a system to manage land listings, buyers, sellers, and payment status.

EDUCATION

BACHELOR OF ENGINEERING (B.E.) IN CIVIL ENGINEERING

Sep 2019 - Oct 2020

CAPE INSTITUTE OF TECHNOLOGY, TAMIL NADU, INDIAENGINEERING

WORK EXPERIENCE

- Java full stack intern , inmakes infotech Pvt Ltd
- .Net full stack and Data Analysis Accord info matrix

Mar2025-june2025

july2025-nov2025

ADDITIONAL INFORMATION

- ExcelSoft Skills : Problem solving, Time Management, Continuous Learning, TeaCollaboration, Adaptability
- Languages : Tamil, English
- Other Skills: Typewriting (Lower Grade), Microsoft ExcelSoft
