

# V.R.POOWA

## PROFILE

Hardworking fresher seeking a chance to work in a challenging organization. To leverage my programming skills and expertise in software development to design innovative solutions that address complex business challenges. I aim to contribute to a dynamic team environment where I can continuously learn and apply emerging technologies to create scalable and efficient software products. I have done Projects on Python and Structure query Language. I am an enthusiastic learner and practical person.

## PROJECTS

**Library Management System** 2020 - 2021

- This Project is developed With the tools Python ,MySQL and GUI development .

2023 - 2023

### Car parking System

- This project is developed by Embedded c language
- It consists of Arduino Uno and Ir sensor

### COVID 19 Diagnosis

2022 - 2024

- The aim of this project is to diagnose the COVID 19 with the help of CT and Xray .
- Tools used in this projects are Python , CNN architecture , machine learning and matlab platform .

### Intelligence Fault Diagnosis of an axial motor using digital twin technology assist ML

2024 - 2025

- The 3D axial motor is designed in AutoCAD Fusion 360 and other tools like Ansys and Matlab is used to collect various data
- Tools used in this projects are Python ,KNN architecture , machine learning and matlab platform .

## INTERNSHIP

2023 - 2023

### CODEBIND TECHNOLOGY: Embedded System

- Done mini project using ultrasonic sensor and Arduino
- Gained practice with Arduino IDE and Embedded C language.

## AWARDS & CERTIFICATES

- Python Programming Internship certificate
- Embedded system Internship certificate
- Machine learning certificate
- Skill India - Electrical Technician certificate
- Python Resources person certificate
- Best Student Award from IEI local center , Kancheepuram

## CONTACT

9840729375

linkedin.com/in/v-r-pooja-875710224

## EDUCATION

2021-2025

### SATHYABAMA INSTITUTE OF SCIENCE AND TECHNOLOGY

- Bachelor of Engineering in Electrical and Electronics
- CGPA : 8.71

## SKILLS

- Python
- Embedded System
- MYSQL
- Matlab
- MS Office
- Machine Learning
- Critical Thinking
- Problem Solving
- C Programming
- Teamwork
- Communication

## LANGUAGES

- English (Fluent)
- Tamil (Fluent)
- Hindi (Intermediate)
- Telugu (Basics)
