OBJECTIVE

Detail-oriented and enthusiastic Information Technology Engineering student with a strong foundation in software testing methodologies and a keen interest in quality assurance. Skilled in manual testing, test case design, and bug reporting, with hands-on experience identifying and documenting software defects. Eager to contribute to dynamic QA teams and ensure software reliability through meticulous testing practices.

EDUCATION

Adhiparasakthi Engineering College, Melmaruvathur. May2025

Bachelor of Technology in Information Technology

Adhiparasakthi Polytechnic College, Melmaruvathur. Apr2022

Diploma in Computer Technology

SSLC St.Joseph Matriculation Higher Secondary School, Tindivanam Mar2019

SKILLS

Languages	SQL
Tools	Selenium
Technical skills	Agile Methodology, Manual Testing
Soft Skills	Time Management,Teamwork, Communication, Problem Solving, Creative Ideas

COURSES

MANUAL TESTING

- I have a strong understanding of various Software Development Life Cycle (SDLC) concepts such as the Waterfall model, Spiral Model, V&V Model, Prototype Model, Derived Model, Hybrid Model, and Agile Model.
- Good Understanding of White Box Testing and Black Box Testing.
- I have a strong grasp of Functional Testing concepts such as Smoke Testing, Functionality Testing, Integration Testing, System Testing, and Adhoc Testing.
- Hands-on Experience on writing Test Scenarios for Functionality Scenarios, Integration Scenarios, Adhoc Scenarios, Smoke Scenarios, System Scenarios.
- Very Good Knowledge on Defect Life Cycle.
- I have practical experience using Test Case Templates, Defect Report Templates, Test Execution, Test Plan and Traceability Matrix.
- Good Understanding of Test Case Design Techniques, Test Case Procedure, Test Case Review and Test Case Execution.
- I have good understanding of Software Testing Life Cycle (STLC).
- Good at Exploratory Testing, Globalization Testing.
- Knowledge in Regression Testing, Performance Testing, Compatibility Testing.

AGILE MODEL

- Understanding of Agile Principles and Methodologies.

SQL (STRUCTURED QUERY LANGUAGE)

- Good Understanding of RDBMS concepts like Constraints.
- Good Knowledge of Writing Oracle SQL Queries.
- Excellent Understanding of SQL concepts like Grouping, Functions, Subquery and Co-Related Subquery.
- Solid knowledge of SQL Joins (Cartesian Join, Inner Join, Outer Join, Self-Join, Natural Join).

PROJECTS

- **SHOPPERSSTACK WEBSITE**

Domain Name: E-COMMERCE

I manually tested the ShoppersStack application, crafting over 70 test case and identified 20 defects on the website.

- Developing a website for “ Automated Stroke prediction”using machine learning and deep learning.

CERTIFICATIONS

Qspiders (Software Testing)

Nova Tech Creations3D (Workshop)

- **Tools Used:** PureRef

VEI Technologies Web Developer (Internship)

- **Tools Used:** HTML,CSS,JavaScript

LANGUAGES

Tamil, English

DECLARATION

I hereby declare that the particulars given above are true to the best of my knowledge and belief.
