

OBJECTIVE

To secure a challenging position in the field of Electronics and Communication Engineering where I can apply my technical knowledge, problem-solving abilities, and innovative thinking to contribute to the success of the organization while enhancing my skills. To begin my career as an Embedded Engineer, applying my knowledge of microcontrollers, C programming, and electronics to develop innovative embedded solutions

EXPERIENCE

EQuad Engineering Services pvt ltd

Mar 2022 - Apr 2022

Pcb Designer

I worked Pcb Designer at EQuad Engineering Services. In the role, I focused on creating and improving the printing circuit board layouts.

Pyroferus Technologies

Jul 2023 - Aug 2023

QA Automation Engineer

It was great learning experience for me. While there, I worked on developing automated test scripts and conducting various types of software tests.
