OBJECTIVE

To enhance my professional skills, capabilities and knowledge in an organization which recognizes the value of hard work and trusts me with responsibilities and challenges.

EXPERIENCE

15.06.2024	ECG analyst
-	Healthwatch Telediagonistics Pvt. Ltd.
10.06.2025	I have experience working as an ECG Analyst for US-based healthcare companies. My main responsibilities included reviewing ECG reports and identifying any heart-related abnormalities. I also gained hands-on experience using AWS tools that were part of our workflow. This role helped me develop strong analytical skills and accuracy in reporting

EDUCATION

2020-2024	Bio Medical Engineering Sri Venkateswaraa College of Engineering and Technology 87.4%
2019-2020	Higher Secondary Wiseman Higher Secondary School 61%
2017-2018	Secondary Wiseman Higher Secondary school 72%

PROJECTS

360 degree sterilization of Medical Instruments
The objective of this project was to design and develop a sterilization system capable of eliminating harmful microorganisms from medical instruments using ultraviolet (UV) light technology. The system focuses on enhancing the effectiveness of disinfection by integrating a 360-degree rotational mechanism within the sterilization chamber. Designed a UV-C based sterilization system with a rotating chamber to ensure 360-degree exposure, enabling effective, chemical-free disinfection of medical instruments.

CERTIFICATIONS

Completed 3days bootcamp on Pudhuvai startup sprit.
Completed one day workshop conducted by Medingers company based on Medical Equipments
Completed training on hospital Equipments
Completed Equipment training program of Adheenapandian pvt limited
