- Soft skill: Effective communication Team collaboration Adoptability & analytical skill Creative problem solving
Continues learning Leadership quality
- Technical skill: Microsoft Excel Microsoft word & office

Projects

- **A STUDY ON THE IMPACT OF SOCIAL MEDIA ADVERTISEMENTS ON ONLINE PURCHASE DECISIONS OF CONSUMERS**
A quantitative survey investigates up to what degree experiences are altered by the use of social media. Customer sentiments on items and administrations are currently progressively overwhelmed by outsiders in advanced spaces, which thusly impact conclusions in the disconnected space. Web-based social networking has engaged purchasers, as advertisers have no control over the substance, timing, or recurrence of online discussions among shoppers. Results show that social media usage influences consumer satisfaction in the stages of information search and alternative evaluation, with satisfaction getting amplified as the consumer moves along the process towards the final purchase decision and post-purchase evaluation

Achievements & Awards
