CAREER OBJECTIVE

Motivated and detail-oriented BCA student seeking a challenging role in a reputed organization where I can apply my technical knowledge, continue learning, and contribute to team success and innovation.

EDUCATION

ST.Thomas collage of arts and science, Chennai — BCA

2022 - 2025

PROJECTS

Academic Project

Title: *Traffic Squad Management Software*

Technologies: IoT, Cloud Computing, RFID

Description:

Developed a smart traffic management system tailored for ambulances and emergency vehicles, integrating IoT sensors and real-time data analysis. The system offers route optimization, communicates with traffic signals for priority passage, and enhances emergency response times. Designed to reduce accidents and save lives by ensuring faster and safer ambulance movement through coordinated traffic control.

TECHNICAL SKILL

- Python programming
- SQL programming
- Web development
- Excel

PROFESSIONAL SKILLS

- Proficient in Microsoft Office (Word, Excel, PowerPoint)
- Foundational knowledge of Java programming
- Understanding of Object-Oriented Programming (OOP) concepts
- Basic SQL and database handling
- Eager to learn new technologies and tools
