ABOUT ME

As a dedicated and detail-oriented master's candidate in Computer Science, I am eager to apply my academic knowledge and technical skills in a dynamic, forward-thinking organization. I aim to gain industry experience and create impact through dedication and proactive effort. Driven by a passion for innovation, with a focus on delivering impactful solutions and contributing to organizational success.

CERTIFICATIONS

- Q SPIDERS (JAVA & SQL)

PROJECTS

- **LUX RIDE**
Creating a luxury car rental website using HTML, CSS, and JavaScript involves structuring the website, styling it, and adding interactive elements I'll walk you through the basic structure of the website and include the necessary HTML, CSS, and JavaScript code
- **STUDENT GRADE PREDICTION USING MACHINE LEARNING**
I implemented a machine learning algorithm (decision tree) to predict student grades with an accuracy rate of 85%.
