📍 No.43 Muthumariyamman kovil Street,Pulikoradu,Periyar Nagar,West Tambaram, Chennai, Tamilnadu, 600045

Quality Controller with extensive experience in seafood processing, dedicated to upholding product quality and adhering to stringent industry standards. Proven ability to implement quality improvements, reduce defects, and ensure regulatory compliance. Skilled in collaborating with cross-functional teams to achieve quality objectives and enhance customer satisfaction.

EDUCATION

Bachelor of Vocation in Industrial Fish Processing Technology, CGPA: 8.87 Aug 2022
PARAPROFESSIONAL INSTITUTE OF FISHERIES TECHNOLOGY, TAMILNADU DR.J.JAYALALITHAA CHENNAI,
FISHERIES UNIVERSITY TAMILNADU

EXPERIENCE

Quality Controller Apr 2022 - Jun 2022
Royale Marine Impex Private Limited CHIRALA MANDAL, ANDHRA PRADESH

- Inspected incoming raw shrimp (Litopenaeus vannamei and Penaeus monodon) to ensure compliance with temperature, hygiene, and antibiotic residue limits, preventing substandard materials from entering the production process.
- Conducted rigorous quality control checks during filth washing, beheading, grading, and value addition processes, minimizing product defects and waste.
- Assessed critical defects, including soft shells, black spots, discoloration, and microbial contamination, ensuring strict adherence to US FDA and EU food safety regulations and preventing potential recalls.
- Performed laboratory tests, including water quality analysis, antibiotic testing, and microbial analysis, to verify compliance with international seafood export standards and maintain product integrity.

SKILLS

- Seafood Quality Control & Assurance
- Process Optimization & Risk Assessment
- Labelling & Traceability Compliance
- Production & Shipment Quality Monitoring
