PROFILE

Dynamic and results-oriented Business Operations Executive with over 2 years of professional experience in operations coordination, project monitoring, sales & marketing and digital communications. Proven ability to manage cross-functional project teams, track performance against organizational goals, and communicate progress effectively to stakeholders through data-driven reports and visual presentations.

WORK EXPERIENCE

Innowell Engineering International Pvt Ltd Jan 2024 - July 2025
Executive- Business Operations

- Coordinated with multiple project teams to monitor status, timelines, and deliverables.
- Created and presented weekly project performance dashboards using Excel and PowerPoint to track targeted vs. actual outcomes.

Key Achievements:

- Improved internal visibility of project performance trends through streamlined weekly reporting.
- Significantly increased engagement and reach on LinkedIn through targeted content and consistent posting—contributing to stronger brand recognition in the sustainability and engineering space.

Everest Industries Pvt Ltd., June 2023 - September 2023
District Sales Officer

- Conducted daily field visits to existing and potential clients, addressing their needs and promoting product adoption.
- Solely managed sales for an assigned district, including dealer support, customer handling, and logistics follow-ups.

Key Achievements:

- Achieved quarterly sales target within a short 4-month period.
- Commended for maintaining strong client relationships and independent territory handling.

INTERNSHIP

Surfine Tools Pvt Ltd - Coimbatore
Operations Intern - June 2022 - July 2022

Analyzed production efficiency and calculated Overall Equipment Effectiveness (OEE) to identify performance gaps

RESEARCH PROJECT

Silver Spring Spinning Industry

Conducted an in-depth study on quality control processes in spinning industry, focusing on minimizing yarn defects and enhancing overall product quality.
